Interviewer: Before we begin this interview, please read the following documents before deciding whether to take part in the study. Take as much time as you need. Once you're ready, I would like to ask you to verbally confirm that you have read the following documents and consent to participate in this interview.

[00:17]

Participant X; I consent.

[00:19]

Interviewer: Perfect. Thank you for consenting. Please click the link below to access the task list and interact with the AI chatbot. You may interact with the chatbot for as long as you feel necessary. Once you've finished, let me know.

[00:37]

Interviewer: You will complete a small number of short tasks using an AI system. For each task, you will have a short conversation with the AI. Interact naturally with the AI as normally as you would. You will complete this alone, without the help of me, and once you're done, I will ask you a couple of questions about your interaction. There are no correct or incorrect answers and you're not being tested for each task.

[00:56]

Interviewer: End the conversation by clearly stating your final decision or opinion. For example, I trust this advice or I don't trust this advice or information. Please click the link on the iPad to get iPad given to access the task list and the AI system. You can copy, paste the given prompt statements and carry on with each task. If you have any questions, feel free to let me know once you have completed all tasks.

[01:15]

Interviewer: Also, let me know.

[01:20]

Participant X: I am done with the interaction. I am ready to begin.

[01:23]

Interviewer: Perfect. Okay, I'm gonna give you some given some statements and I'd like you to answer whether you strongly disagree, disagree, feel neutral, agree, or strongly agree. So first, first question is, I found the AI chatbot easy to interact with.

[01:43]

Participant X: Strongly agree.

[01:44]

Interviewer: I trust the information provided by the AI chatbot. Agree. The responses provided by

the AI chatbot were accurate.

[01:52]

Participant X: I strongly agree.

[01:53]

Interviewer: I felt confident relying on the AI chatbot during the task.

[01:57]

Participant X: Agree.

[01:58]

Interviewer: The AI chatbot behaved in a fair and unbiased manner.

[02:01]

Participant X: Strongly agree.

[02:02]

Interviewer: I would consider using this AI chatbot for academic purposes in the future.

[02:08]

Participant X: Strongly agree.

[02:10]

Interviewer: The AI chatbot met my expectations as an academic assistance tool.

[02:14]

Participant X: Strongly agree.

[02:16]

Interviewer: For now, I'd like you to tell me all that you agree with. What factors influenced your level of trust in the AI chatbot? Was it the accuracy of responses, clarity of explanations, speed of responses, transparency or explanations provided or ethical or bias concerns?

[02:35]

Participant X: Clarity of explanation, speed of response, transparency, explanations provided, and ethical or bias concerns? Actually, no ethical advice concerned.

[02:45]

Interviewer: Okay. What aspects of the AI chatbot did you find most useful? Explaining academic concepts, answering questions quickly, generating ideas, structuring academic responses? Or did you not find it useful at all?

[03:01]

Participant X: Explaining academic concepts, answering questions quickly and generating ideas.

[03:07]

Interviewer: Nice. What factors reduced your trust in the AI chatbot, if any? Was it incorrect or

misleading answers? Lack of sources or references? Overconfident responses?

[03:18]

Interviewer: Ethical or bias concerns? Or was it nothing that reduced your trust?

[03:24]

Participant X: Nothing reduced my trust.

[03:26]

Interviewer: How did interacting with the AI chatbot affect your confidence in using AI for academic work? Did it increase your confidence? Did it reduce your confidence or did it have no change increase my confidence? Okay, how could the AI chatbot be improved to better support users? Is it improved accuracy, clear explanations, source citations, greater transparency or ethical safeguards, or anything else

[03:55]

Participant X: clearer explanations

[03:59]

Interviewer: Is there any additional comments you would like to say about your experience with AI chatbot?

[04:04]

Participant X: No additional comments.

[04:06]

Interviewer: Thank you for taking part in the study. Your participation and feedback are greatly appreciated and will contribute to the valuation of user trust and acceptance of AI chatbots.
