[00:01]

Interviewer: Before we begin this interview, please read the following documents before deciding whether to take part in the study. Take as much time as you need. Once you're ready, I would like to ask you to verbally confirm that you have read the following documents and consent to participate in this interview.

Participant X: I confirm.

Interviewer: Thank you for consenting.

[00:23]

Interviewer: Please click the link below to access the task list and interact with the AI chatbot. You may interact with the chatbot for as long as you feel necessary. Once you have finished, return to this form and let me know. You will complete a small number of short tasks using an AI system. For each task, you will have a short conversation with the AI.

[00:45]

Interviewer: Interact naturally with AI as normally as you would. You will complete this alone, without the help of me, and once you're done, I will ask you a couple of questions about your interaction. There are no correct or incorrect answers and you're not being tested for each task. End the conversation by clearly stating your final decision or opinion. For example, I trust this advice or I don't trust this advice or information.

[01:07]

Interviewer: Please click the links given to access the task list in the AI system. You can copy, paste the given prompt statements and carry on with each task. If you have any questions, feel free to let me know and once you have completed all five tasks, also let me know

Participant X: I finished the task.

Interviewer: Perfect. I will now ask you a series of questions about your interaction and I'm gonna be giving you a statement and I want you to let me know whether you strongly disagree, disagree, feel neutral, or agree or strongly agree with the statement given.

[01:29]

Interviewer: I found the AI chatbot easy to interact with.

Participant X: Agree

Interviewer: I trust the information provided by the AI chatbot.

Participant X: Neutral

Interviewer: the responses provided by the AI chatbots were accurate.

Participant X: Neutral

Interviewer: I felt confident relying on the AI chatbot during the task.

Participant X: Neutral

Interviewer: the AI chatbot behaved in a in a fair and unbiased manner.

[01:51]

Participant X: Agree

Interviewer: I would consider using this AI chatbot for academic purposes in the future.

Participant X: Agree

Interviewer: the AI chatbot met my expectations as an academic assistance tool.

Participant X: Agree

Interviewer: what factors influenced your level of trust in the AI chatbot? Was it the accuracy of responses, clarity of explanations, speed of responses, transparency, or ethical concerns?

Participant X: I think it's clarity of explanation.

[02:13]

Interviewer: Let me know which ones you feel you agree with if there are any other things you would like to say that aren't within the options given feel free to say them as well. What factors influenced your level of trust in the AI chatbot? Was it the accuracy of responses? Clarity of explanation?

Participant X: I found that all of them were useful.

Interviewer: What factors reduced your trust in the AI chatbot? If any incorrect or misleading answers, lack of sources or references, overconfident responses, ethical or bias concerns or nothing reduced your confidence?

[02:35]

Participant X: Nothing.

Interviewer: How did interacting with AI chatbot affect your confidence and using AI for academic work? Did it increase your confidence? Reduce your confidence, or did it have no change?

Participant X: It didn't have any change.

[02:57]

Interviewer: How could the AI chatbot be improved to better support users? Is it improved accuracy? Clearer explanations, Source citations, Greater transparency or ethical safeguards

Participant X: improved accuracy

Interviewer: Do you have any additional comments you'd like to say about your experience with AI Chatbot?

Participant X: No.

[03:19]

Thank you. Thank you for taking part in the study. Your participation and feedback are greatly appreciated.
